THE DHARWAR ELECTRIC SUPPLY COMPANY LTD.

Ref. No.9-S/42. Dharwar, 29th March 1942.

The Chief Officer,
Municipal Borough,
Dharwar.

Dear Sir,

Re: Extension of street lights. 13

With reference to your letter No.3917 dated the 28th instant, we have to inform you that the Under Secretary to the Government of India and Secretary, Central Electric Power Control Board, New Delhi, has served us with an order No.A-826(54) dated the 7th March 1942 whereby we have been asked not to lay new service lines or increase the load on our system of supply without getting the permission from the Secretary to the Government of Bombay, Public Works Department, or the Central Electric Power Control Board, as the case may be. We have been asked to advise the prospective consumers that there is no prospect of obtaining new connection unless their case comes within the purview of a really essential supply.

In view of the abovementioned fact, if you think that yours is a fit case to get the permission, you may please send us your application stating the urgency of the requirements so that we may forward the same to the authorities concerned for getting the permission.

Yours faithfully,
FOR THE DHARWAR ELECTRIC SUPPLY COMPANY LTD.,

Sd. L. G. Patharkar

CHIEF ENGINEER.

No.12
Municipal Office,
Dharwar, 7th April 1942.

From

V. C. Giriyappanavar, Esq., B.A., LL.B.,
President,
Municipal Borough, Dharwar.

To

The Chief Engineer,
Electric Supply Company Ltd., D h a r w a r.

Sir,

In referring to your letter Nos.9-S/42 dated 29th and 30th March 1942, on the subject noted above, I have the honour to state that owing to the scarcity of water in the town and the stop age of tap water supply, people have to go and are actually going long distances in search of wells for getting water. People, as all know, go to fetch water not only during day time but even during night time and it is very - difficult for them to move about and to go to the sites where the wells are situated without lights. The wells noted in this office letter No.3951 dated 29th March 1942 (copy enclosed) being far from each other and being visited and used by the public even during night time, it is in the interest of the general public of the town that the Municipality should provide sufficient number of lights in all the places detailed in the above quoted letter. You may be aware of the recent accidents on the wells owing to the want of sufficient lights. In view of the above circumstances and as the lights are quite essential at all the places mentioned in the letters, I - would ~~thereforo~~ request you kindly to immediately move the authorities concerned and to take early action as requested by the Municipality in this office letter Nos. 3917 dated 28th March 1942 and 3951 dated 29th March 1942.

Requesting an early compliance.

I have the honour to be,
Sir,
Your most obedient servant,

To

The Manager, Electricity Supply Co.,

Dharwar.

Sir,

I request you to kindly send me printed forms of application for getting electric light at my newly built residence in Attikol, beyond Railway Station, near Koppalkar's bungalow. Being a touring officer I have to do my office work, many a time, at home, which requires powerful lights. Kerosene oil is getting scarce and expensive and the small lights do not stand the strong wind on the hilly place. Hence I requeat you to kindly consider my case favourably as a special case and supply the light at your earliest convenience.

22-IV-1942.

Mrs. K.H.Jamkhandi, B.A.,B.T.,T.D.,
Asstt. Inspectress of Girls Schools,
Dharwar.

Madam,

Re: Electric connection.

With reference to your letter dated the 22nd instant, we have to inform you that in accordance with the Order No. A-826(54) dated the 7th March 1942 received from the Under Secretary to the Government of India and Secretary,Central Electric Power Control Board, New Delhi, we cannot give a new connection without obtaining permission from the Secretary to the Government of Bombay, P.W.D. There is very little possibility of obtaining the permission for those consumers whose requirements are not really essential to the effective prosecution of war or to the development of industry in any way associated with the national war economy. Still, however, if you desire that your application should be forwarded to the Secretary to the Government of Bombay, P.W.D., for consideration, we shall do so on hearing from you.

Yours faithfully,

DHARWAR.

To

The Dharwar Electric Supply Company Dharwar,
DHARWAR.

Sir,

I the undersigned beg to submit the following few lines to your sympathetic consideration and earliest possible permission.

Since more than ten years I am owning and managing the " A. Rahiman Bidi Works, Dharwar" at Dharwar. The Govt. Factory Act is being made applicable to the said factory and the Factory Inspector during his recent visit to this factory remarked about it as ill situated and very poorly ventilated and further asked us to shift this factory to some other decent building as early as possible.

In orders to comply with his orders, I have newly constructed a building behind the S.M.U. Bank Limited Dharwar specially for this purpose. It is quite ready for use now and we are waiting for the lighting arrangements that has to be done. Since it is a huge building, work cannot be carried on there without electric lighting arrangements. And moreover there is a great scarcity of kerosene oil due the war of present.

Up till now I have been consuming more energy and I have been paying nearly Rs.30/- per month. My consumer's no. is 734. I therefore request you to transfer or exchange the same to the new building.

Hoping that you will give due consideration and order for the immediate execution of the same.

I beg to remain,
Sir,

To

The Dharwar Electric Supply Co.Ltd.,

Dharwar.

Sir,

We have constructed one Motor Garage, near the Police Station, for the convenience of the travelling public, and for this garage electric lights are essential. We would urgently need electric lights for this new garage, and we have already 7 lights and 3 plugs in the present office of the union. We intend to shift all these lights and plugs, from the existing building ~~building~~ and ~~the~~ fix the same, to the new motor garage. Thus no additional electric fittings would be required for, for instaling the same. The supply company is requested to use the same service, and hence there would be no additional materials required for giving these connections.

Requesting speedy compliance and thanking you.

Yours faithfully,

Sd. (Illegible)

Sir,

Re: Control over the supply of electrical energy.

We beg to inform you that we have received an application from The Dharwar-Hubli Local Motor Service Union, Dharwar, one of our existing consumers, for transferring its existing lighting installation of 0.46 K.W.(less than ½ K.W.) and the supply company's service connection to the same at its present premises to a new building erected near the Town Police Station for the convenience of the passengers.

In this connection we beg to state that in tfansferring the existing service to the new position we are not required to use any new materials, such as wire, G.I.hangers etc., as the existing service line can be conveniently used at the new position. As the new building is built for the convenience of the passengers, we hope the permission for the substitution of supply would kindly be granted.

A copy of the application received from the consumer is attached herewith for your information.

We beg to remain,

No. Rem 26/2919 of 1942.

Bombay, 27th October 1942.

Returned, with compliments.

2. The application in question is the outcome of a letter of request from the Executive Engineer, Electrical Division, for an estimate for service charges to the Mental Hospital, Dharwar, on the application of the Superintendent, Mental Hospital, Dharwar, for plans and estimates for lighting the Hospital and the Doctors' quarters.

3. Unless the Surgeon General with the Government of Bombay considers it essential that the Mental Hospital and the Doctors' quarters should be fitted with an electric installation, which at the present time is very costly, the undersigned is of theopinion that the application should be refused.

Sir,

Re: Control over the supply of electrical energy - Additions to existing installation.

We beg to inform you that we have today received a letter from the Electrical Sub Inspector, P.W.D., Dharwar, asking us to quote for providing 3 temporary light points at the Borstal School, Dharwar.

All the necessary materials, viz. one piece of angle iron 8' x 1½", one piece of pipe 9' x ½", one coil of 1/.044 V.I.R. wire and other minor accessories are available from our stocks for carrying out the above addition, and the approximate cost of the same comes to Rs.130/-.

We understand that the above work is required to be urgently carried out. But as such additions to existing installations requires permission from your office, vide your office letter No.1932/36-El. dated the 2nd October 1942, we request you to kindly let us know whether the said work may be carried out if our quotation is approved by the Electrical Sub-Inspector, P.W.D., Dharwar.

Sir,

Re: Control over the supply of
Electrical Energy.

We beg to inform you that one of our Consumer named Mr. Gangappa K. Handigol, has two flour mills worked on Electric motors of 15 and 10 B.H.P. connected under two separate meters bearing Connection Nos. '77 & 153 respectively at one and the same place. Due to the restricted hours of supply of energy, he is not in a position to consume the guaranteed minimum number of units for each of the motors separately and as such has applied to us for connecting both the motors under one meter and connection number only. As there is no change in the load connected and no materials are required to effect this change, we are connecting both the motors under one meter. Further we have to inform you that there is no change whatsoever, in the Power House Demand, and as both the installations belong to the same party, we do not think it necessary to submit this information in the usual form.

We beg to remain,
Sir,

Dr. P. S. Desai, L.D.Sc.(Bom) Bank Street,
Dental Surgeon. Dharwar, 19-4-1943.

To,

The Dharwar Electric Supply Co.,

Dharwar.

Dear Sirs,

My Dental Clinic is at present situated in the Bank Street, near Karnatak Co-op. Credit Bank at Dr. Deshpande's Buildings I am using Electricity both for lighting and heating purposes since the start of my practice

The clinic is equipped with uptodate appliances working on electricity.

I am having a building of my own on the station Road, at Gibb Town junction which will be completed and opened on 1st June 1943.

At the new place electricity is quite essential in working the appliances. I need hardly add that there are only two dental clinics including mine in the town and in the absence of electricity I would be seriously handicapped in serving the public. I therefore request you to kindly obtain the necessary permission from the Govt. and give the supply at the new place as early as early as possible.

Thanking you,

Yours faithfully,

Sd. Dr. P.S.Desai.

Sir,

Re: Control over the supply of Electrical Energy

We beg to enclose herewith a copy of the application received from Dr. P.S.Desai, L.D.Sc.,(Bom.) Dental Surgeon, Dharwar one of our existing consumer for shifting the heating and small motor connection from the present rented building at Bank Street, to his newly built bungalow at Gibb Town on the Station Road. He also requires a few lights for working his dental hospital. We hope you would be kind enough to grant permission for giving this new service, as there will not be any increase in our peak load nor is there any addition to the load connected, as all the equipments are to be shifted from one place to another.

Further as this is one of the private dental hospital for the public and that all the equipments are working on electricity only, we think that electricity to work them is quite essentia without which it is not possible for him to run the hospital. All the materials required for giving this service are in our possessio We hope, you will kindly sanction this new service, and advise us at a very early date.

We submit herewith the application in the usual form in duplicate.

We beg to remain,
Sir,
Your most obedient servants,

Sir,

I have the honour to state that I own a house at the Reddi Colony, Dharwar. As it stands, it is not installed with electric lights. I find Kerosene lamps do not even serve. Not economy, apart from their being inconvenient. The house to be fully lighted would require Thirty lights. But I would be

Content for the present - with only about a half dozen lights. I would, accordingly, solicit to be permitted to - -lease that number of lights - - -mentioned.

Yours &

Dharwar,

D.C.

Sir,

Re:- Electric service connection to the new Motor-Garage.

We beg to submit that, Your Honour is aware of the fact, that we have built a new Motor-Garage, for the convenience of the public, and we understand that without permission from Govt, no new service connection, can be given by The Electric company. We now approach Your Honour to kindly grant us permission, in consideration of ~~with~~ the following facts ;-

1). Ours is a public motor stand, and there is rush of passengers at all times, and passengers will be much inconvenienced during night times, without lights.

2). As no sufficient kerosne oil is available, now-a-days, we cannot afford lights, as required in all the corners.

3). Our office store-room, and also office clerks, will find much inconvenience, to work without lights.

4). Passengers travelling with family and children, shall have to wait in the Waiting rooms, and they too find much inconvenience without lights.

Under the circumstances, we request you to kindly consider our application, in the public interest, and grant us permission to take 20 lights (Electric) and ask The Dharwar Electric Supply Co Limited, Dharwar, to give us the necessary connection.

For which act of kindness, we shall ever remain obliged.

Your most obedient servant,

To

The Deputy Secretary to the Govt. of Bombay,
Public Works Department,
Bombay Castle,
BOMBAY.

Sir,

CONTROL OVER THE SUPPLY OF ELECTRIC ENERGY.

We beg to enclose herewith an application in duplicate in the prescribed form for laying entirely a new service line for the applicant, Mr. S. C. Godhi for a new 7 H. P. 3 phase A. C. Electric Motor. The applicant is intending to instal this new Motor for working a grinding mill and rice huller. We have only single phase and laid along the road where the applicant wants to instal this grinding mill and as such we shall have to run additional two new mains from the junction of our three phase supply lines to this place. Moreover the three phase supply mains, to which these new mains will have to be tapped, are already loaded to their full capacity at present and if the permission for laying new service line is granted by you we shall have to change all the mains. This would require new copper wires which we have not got in stock and we may have to approach you for priority certificate for the purchase of the same.. In addition we may require new V. I. R. wires for the connection from the service bracket to the meter. Further this additional load will involve us to additional consumption of fuel oil and the present quota of 9½ tons of fuel oil granted to us per month may not be sufficient to cope with the additional demand and we may have to approach the Govt. for increasing the same. But as the applicant wants us to forward this application to you, we are forwarding the same with the foregoing remarks.

Yours faithfully,

L. G. Pathakar
CHIEF ENGINEER.

Bombay,
Public Works Department,
BOMBAY CASTLE, BOMBAY.

Sir,

Re:-Control over the supply
of Electric Energy.

We beg to enclose herewith an application in duplicate in the prescribed form for the substitution of an existing service --- formerly laid for the applicant, Mr. C. K. Bhandekar, Merchant in Market for his shop (which shop was acquired by the Municipality for widening the roads) to his newly rented shop in the Market. The same service will be substituted at the new place.

As per advice contained in Govt. of India's letter No. A826, dated 15th June 1942, we are substituting the above service to the applicant at the new place as the same does not involve any additional load on the system.

We beg to remain,
Sir,
Your most obedient servants,
FOR THE DHARWAR ELECTRIC SUPPLY COMPANY LIMITED,

CHIEF ENGINEER.

Subject:- Supply of electric power.

Dear Sir,

With reference to your letter No dated the you are advised to make a requisition to the Electric Supply Company concerned for the --- supply of electric power required by you. The Electric Supply Company will then submit an application in the prescribed form for the orders of Government.

2. I am to add for your information that under the Electricity Control Order supply of electric power for ordinary residences, offices, shops, etc, is not normally considered essential.

3. If the supply of electric power is needed to deal with war orders you are advised first to obtain a certificate of ----- essentiality of the required supply from the Directorates concerned, which are named below, and forward that certificate to the Electric Supply Company concerned, with your requisition for the supply of electric power, for submission to Government.

Name of Industry.	Directorates concerned.	Officer of the Directorate who should be addressed for the certificate.
Chemicals, Saw-mills, Footwear and light Industries generally.	Directorate General of Supply, New Delhi.	(1) Deputy Secretary or Assistant Secretary to the Government of India, Department of Supply, Directorate General of Supply (Co-ordination), New Delhi. or 2) Controller of Supplies, Bombay Circle, Bombay.
Textiles.	Directorate General of Supply, New Delhi.	(1) Deputy Secretary or Assistant Secretary to the Government of India, Department of Supply, Directorate General of Supply (Co-ordination), New Delhi. or (2) Textile Commissioner, Bombay.

P. T. O.

Line of Industry.	Directorates concerned.	Officer of the Directorate who should be addressed for the certificate.
Steel, Non-ferrous metals, Rolling Mills, Engineering Workshops, and heavy industries generally.	Directorate General of Munitions Production, Calcutta.	(1) Deputy Director General (Co-ordination) ~~or Director of Capacity~~, Directorate General, Munitions Production, Co-ordination Division, Capacity Directorate, Calcutta. (2) Director of Munitions Production, Bombay.
Ship-building.	Directorate General, Ship-Building and Repairs, Bombay.	Electrical Officer, Directorate General, Ship-building and Repairs, Bombay.

4. In the case of Military requirements the requisition for the supply of electric power should be supported with a Certificate of Essentiality of the required supply from the Commander, Royal Engineers, concerned or an officer senior to him."

Yours faithfully,

Deputy Secretary to the Government of Bombay,
Public Works Department.

Subject:- Permission to fix up Sub-meter for Electric Installation.

Sir,

I the undersigned K.A. Chitaguppi of Dharwar, most humbly beg to bring to your kind notice the following few lines for favour of sympathetic consideration.

2. I am an old man and putting up in the Quarters of Mr.V.K Yatgiri, Fort Dharwar, who is my close relative and helping me in all respects. Having sent my only son to the Military Service who is a war prisoner in Japan (please see letter from the Officer, Commanding, Mechanical Transport centre and records, Lucknow) it is impossible to carry on my business without lights and the owner's help, in my old age, for leading my life.

3. I therefore request your honour kindly to grant me permission to fix up a sub-meter for Electric Installation of two or three points to the quarters where I am putting up now; as there is already Electric fitting in the other portion of the building in Mr. Yatgiri's name.

4. I shall therefore be much obliged if you can kindly direct the Dharwar Electric Supply Co., Ltd., Dharwar to do the needful.- (License 1926).

Subject:- Supply of Electric Energy. (Alterations in the existing points

Reference No.S-59/1/574-EL, dated the 14th January 1944 - Addressed to Mr.K.A.Chitguppi,Esq:

Dear Sir,

There are 14 points and 3 plugs to the main building in use, in my name, at Fort Dharwar. Out of them 2 points and one plug seem to be unnecessary. I therefore request your Honour kindly to grant me permission to alter the position of these 2 points to my quarter which is just close to it.

These lights will be used, mostly for Government urgent work (additional work at home) as well as other duties.

No new materials and extra lights will be used. If approved I shall request the Dharwar Electric Supply Company, Dharwar to do the needful.

Thanking you in anticipation.

Dharwar, (Fort),

Sir,

Re:- Reconnection of Motor Power Installation

We beg to enclose herewith two copies of applications received from the Consumer, Mr. G. K. Kopalkar for reconnection of his M. P. connection of 5 H.P. Motor for the use of his workshop. The installation under reference was disconnected on 1-7-1938 and has remained disconnected up-til-now. It is more than five and half years since the installation was disconnected and we, having no hopes of his getting the same reconnected, ~~removed~~ removed long back the copper wire from 8 spans as the same was lying idle and was required for the rectification of the Mains elsewhere.

Now, for the reconnecting the said installation, we require 275 lbs. of new Wire and the other materials as mentioned in the application. The application is, therefore, forwarded for your remarks.

Yours faithfully,

P. Hamlé.

L. G. Pathalkar
CHIEF ENGINEER.

Dear Sir,

Re:- Shifting of service.

One of our consumers, Mr. N. N. Hegde has applied to us for shifting his existing service connection to the new place as he is changing the present place.

(1). Old place from which the service connection is to be shifted:- Near Savdatti Motor stand.
(2). Address to which the above service connection is to be shifted:-Linebazar
(3). No. of light points:- Seven.
(4). Purpose of supply:- Residential.
(5). This service is required to be shifted as the premises has been taken over for making a play-ground for the newly opened Arts College.

We are shifting the above service as it is merely shifting of the existing service from the old place to the new address.

To

The Dharwar Electricity Supplying Company,
D H A R W A R.

Sirs,

I? Ramchandra Pundlikappa Jadhav, Dharwar, hereby declare, that the Electric Light connection near Pole No.740 given to the shop in Javli Pet stood in my name and it was stopped about the month of January 1941 owing to the closure of the cloth Market in the Javali-pet altogether and shifting it to the Market Road, Dharwar. The shop was run in my father's name as "Pundlikappa Jadhav and it was the property belonging to our joint family. The same shop was given to my nephew when partition took place. Now my nephew Mr. Gurunath Balkrishna Jadhav wishes to have the connection transfered in his name to his house in the Sungar Galli near Pole No.723. I have no objection to the above transfer as the shop has already been allotted to the share of the above mentioned Gurunath Balkrishna Jadhav.

I beg to remain,
Sir,
Yours obediently,
Sd/- Ramchandra Pundlikappa Jadhav
(in Modi).

Sir,

Re:- Rectification of Electric installation of lights in the Edward Park of Dharwar Municipal Borough.

We enclose herewith the application in duplicate in the prescribed form from the Municipal Borough, Dharwar for rectification of the installation in Edward Park. This installation is out of order since 1941 and hence no lights are burning since that time. Most of the fitting and wires are missing. All V.I.R. wires laid through pipe underground show zero test and may have to be replaced complete-ly. Now the Municipality wants to get the whole installation rectified for lightin the park. All the particulars regarding the said installation are filled in the prescribed form.

We shall thank you to please return the application with your remarks.

Yours faithfully,

Sir,

Re:- Shifting of service of Mr. S. V. Reghe,
Consumer under our old No.168.

We enclose herewith application in duplicate in the prescribe form given by our consumer, Mr. S. V. Reghe for putting up his old service to the new building. Originally, he had one small shop i the market which was fitted up with electrical installation. But the same was acquired by the Municipality and demolished for widening the roads and so this service was disconnected on the 7th Oct. 1941. Now the applicant has constructed a new building at the ne site and wishes to have the old connection replaced on this new place. All other required particulars are given in the applicatio form.

pp 1-4

(1).	Old place from which the service is removed.	Old Building, opp. Dharwar-Hubli Motor stand (which is already demolished).
(2).	Address to which the above removed service is to be fitted up.	New building, opp. Dharwar-Hubli Motor stand.
(3).	No. of light points:-	3 light points and 1 plug point.
(4).	Purpose of supply:-	For shops.
(5).	The length of the old service was 12 ft. and the length now required at the new place is 54 ft.	

We shall, therefore, thank you to please return the applicati with your remarks.

Yours faithfully,

L. G. Pathankar
CHIEF ENGINEER.

Dear Sir,

Re:- Shifting of service of Mr. G. C. Sanmari.

With reference to your No.s.59/1/19082-El, dated 14th current, we herewith enclose the application in duplicate of Mr. G. C. Sanmari in the regular form, with necessary information, for your remarks.

In this case the old service is to be fixed up at the new place and so, no extra ~~material~~ wire is required. The total legth of the wire that was used at the old place was 84 ft. while at the new place only 80 ft. wire is required and thus the length of the service at the new place is less than the length at the old place.

Yours faithfully,

S G Pattankar

Below U.O.R. No.S 59/1/27932 dated the 24th October 1944 from Government in the Public Works Department.

No. LRm26---- 3125 of 1944.

Bombay 26th October 1944.

Returned with compliments.

2. The facts of the case are as under:

Mr. G.C.Sanmari had a boarding house at Market Rd.,Dharwar, where elec.installation was provided originally in 1934. The same installation was subsequently disconnected and reconnected in 1937 and again finally disconnected in 1941. Mr. Sanmari now desires to provide elec.installation for his own residence opposite Tenginkai Gin.

3. As regards dismantling of service lines, the usual practice of the Supply Co.is to stock the entire dismantled material belonging to such services in a common place as it is obviously impossible to dismantle and store each and every unused service line separately.

4. In view of the above fact, Mr. G.C. Sanmari should be considered for all practical purposes as a new consumer.

Re:- Shifting of the existing Service - Con. No. 222.
Ph. 42

We enclose herewith the application in duplicate of Mr. H. M. Dasankop in the prescribed form for shifting of his existing service to his newly built shop. In this case, the length of the old service is 15ft. while the length required at the new place is 83ft. So an extra length of 68ft. will be requir-ed at the new place. We shall, there-fore, thank you to please return one copy of the application with your remarks.

Yours faithfully,

CHIEF ENGINEER.

El-Rv. P.W.D.

pp. 3-4

The applcn. is to transfer A.C. ceiling installation from one place to another. Addl. el. materials costing Rs. 25/- are required. Generally, transfers are permitted when the cost of addl. el. materials required does not exceed Rs. 25/-. So orders are solicited whether the present applcn. may be sanctioned.

Dear Sir,

Re:- Providing service lines for electric installation to be provided at the Government Training College, for Men.

We are sending herewith a copy of our letter addressed to the District Magistrate, Dharwar and his endorsement thereon. In this connection, we have to state that we have forwarded to the Electrical Sub-Inspector, Dharwar, on 6th current, under our No.14/T/44 the estimated cost of carrying out the servic line to the Science Hall of the Govt. Training College for Men at Dharwar but we have not received the sanction for the same and instructions to carry out the work. The District Magistrate has further personally told the undersigned that this work should be taken up immediately in hand. So, under his orders, we are taking up the work in hand tomorrow. As soon as our work is over, we will forward the bill to the District Magistrate for sending the same to the authorities concerned for early payment.

Dear Sir,

Re:- Providing service lines for Electric installation to be provided at the Govt. Training College for Men.

With reference to your letter, dated 30th ultimo, in connection with the above, we beg to inform you that we are required to sub-mit our estimate to the Electrical Engineer to Govt., P. W. D., Bombay for any Electrical work in connection with Govt. Buildings and only on the approval and sanction the work is carried out.

We have submitted our estimate for this service line to the Electrical Sub-Inspector for obtaining approval and sanction and on receipt of which the work will be taken up in hand.

Further this being a new service, the sanction from the Dy. Secretary to the Govt. of Bombay will also be necessary.

Yours faithfully,
Sd/- L. G. Patharkar,
CHIEF ENGINEER.

The Dharwar El. Supply Co. are laying ~~down~~ service line for the el. instaln. to be provided in the Science Hall of the Govt. Training College for Men, Dharwar, at the instance of the D.M. there. They say that for the reason given in para. 1 of their letter to the D.M., they had forwarded the estimated cost of carrying out the work to the El. Sub-Inspector, Dharwar, but received no intimation from him. No applcn. for the supply that will be required has so far been received.

2. It is not known whether the work of providing el. instaln. in the Sc. Hall of the Govt. Training College for Men, Dharwar, has been administratively approved. The El. Engr. to Govt. may be requested to report the true state of affairs.

D.O. letter No.756, dated 19-7-44 from the Principal, Training College, for Men, Dharwar, Dharwar.

I desire to invite your attention to this Office No.378 of 9-6-44 in connection with the question of Electric installation of the Science Laboratory hall of this college and to state that it is a matter for regret that no arrangements for the same are made as yet. The Asst. Engineer, P.W.D., Dharwar and the Electrical Engineer, Dharwar, who were also written to in this connection have not moved in the matter. Electrification of the Science Laboratory and the dark-room arrangements are a matter of urgent necessity in the absence if which the work of delivering magic lantern lectures and radio programmes will have to be held up.

2. The Director of Information is going to supply shortly a film projector to this institution (Vide G.R., H.D., No.7773/4 of 5-7-1944) and arrangements to give talks will have to be made as early as possible. I, therefore, request that you will kindly treat this matter as very urgent and arrange to get the necessary fittings completed as early as possible.

Re:- Your No.14/T/44 of 7-8-44.

Sir,

I am to inform you that the Principal of the Training College for Men, Dharwar, is complaining that the Radio programmes and Magic Lantern Lectures have been held up for want of electrification of the Science Hall, in place of the General Hall of the Training College for Men, Dharwar, which has been taken up by the undersigned for ~~kkk~~ purposes of storage of Government purchased grain.

Will you please run a service line from the Main road to the Science hall which is intended to be provided with electricity. The rest of the fittings will be arranged by the Electrical Sub-Inspector, Dharwar.

P.T.O.

The Electrical Sub-Inspector informs that he has already shown to your representative the site etc., and he has been requested to give any further assistance to you if necessary.

The work may please be carried out immediately in anticipation of Government sanction, if any be necessary.

also going to be supplied to the college shortly by the Director of Information. A ref. to the A.E., P.W.D., Dharwar, the Ex. Engr., Dharwar and the Dharwar El. Supply Co. was, therefore, made by the D.M., whereupon the Co. replied that the bldg. being a Govt. one the matter shd. be refd. to the El. Sub-Inspector, Dharwar. The D.M. then asked the Co. to lay the service line immediately in anticipation of Govt. sanction. He also informed the Co. that the El. Sub-Inspr. would carry out the internal fittings & would assist the Co. if necy. The Co. again pointed out that permissio of the El. Engr. to Govt. for

5.59/1
29584

laying the service line & of Govt. in the P.W.D. for the new connection that would be given would be necy. As the D.M. still insisted on the work being done, the Co. carried out the work and has now applied for permission to give the supply wh. is immediately required. From the applcn. within, it appears that the supply that was being given to the General Hall is now going to be given to the Sc. Hall

3 In the circumstances, it is for orders whether the applcn. may be sanctioned after ref. to the E.D. and the El. Engr. to Govt.

2-11-44

The supply of electricity for the Science Hall was obviously a matter of urgent necessity. The matter is already a fait accompli & there is hardly any point in making a reference to the E.D.

The El. Supply Coy knew that the supply was required at the college as early as on 19.7.44 but the necessity of obtaining Govt. sanction for the new connection was not brought to the notice of the D.M. till 4.9.44. The work being urgent the D.M. appears to became impatient & asked the Coy to get on with it.

Dear Sir,

Re:- Separate tapping connection for heating circuit.
Consumer No.849.

One of our consumers, Mr. V. V.Apte, the Income-tax Officer, has applied for a separate tapping connection for heating circuit. This could be allowed from the existing service as he has agreed to disconnect 5 Light points and 3 plug points agregating to 1.5 Amps. Expected heating load is approximately 1.5 Amps. No new material will be required for this job. In view of the above, we hope you will please grant us the permission for this new tapping connection.

Yours faithfully,

CHIEF ENGINEER.

BSH.

S 59/1/32477.

El. Br. P.W.D.

Submitted.

1. The co. requests for permission for a separate tapping connection through the existing circuit for a heating circuit. Though there won't be an increase either in the connected load or max. demand at the consumer, a separate meter for power ~~would~~ perhaps be necessary required. The case appears to become a sub-division of load. So orders are solicited whether the co. may be ~~requested~~ informed that the request cannot be granted.

V.S.M.
24/4/44.

A new meter will be required and hence may be refused as the demand is not essential
